MATCHED SET

INSTALL WITH CARE

This is a factory "Engineered" set of cam and crank timing gears. They have been carefully "matched" for the correct backlash setting, inspected and boxed as a unit. Install as a unit for maximum performance.

NOTE: Any change in center distance by line boring bearings will create a noisy gear operation.

CAUTION: Any undue hammering of either gear at the tooth shoulder will cause teeth to Flare Out, creating a noisy gear operation.

SUGGEST: Submerge gears in Hot Oil to aid installation of gears on the shaft. Where puller holes are provided the are designed to aid proper assembly.

JUEGO HERMANADO

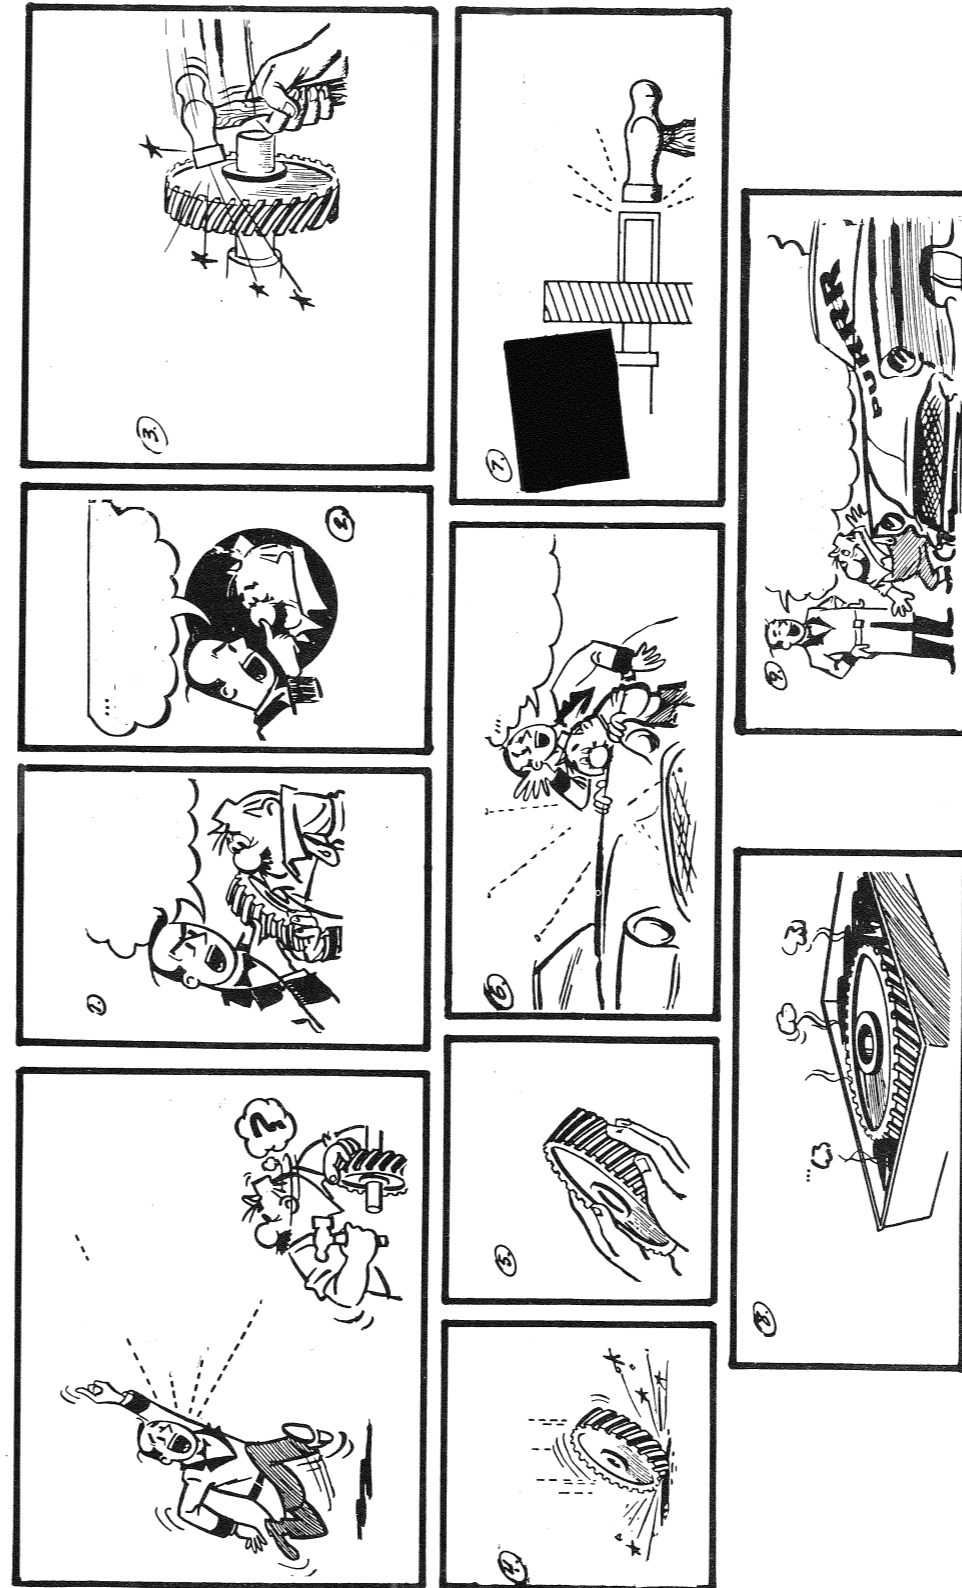

INSTALAR CON CUIDADO

Este es un juego de engranes de tiempo de arbol de levas y ciguenal ajustados en planta. Han sido cuidadosamente "hermanados para su correcto ajuste, inspeccionados y empacados como una unidad. Instalelos como una unidad para su maximo rendimiento.

NOTA: Cualquier cambio en la distancia central entre los bujes creara una operacion ruidosa de los engranes.

PRECAUCION: Cualquier martilleo en cualquiera de los engranes en el hombro de los dientes causara que los dientes se desajusten, creando una operacion ruidosa.

SUGERENCIA: Sumerja los engranes en aceite caliente para auxiliarse en la instalacion sobre la flecha. En donde se proporcionen barrenos para empujador, estos estan disenados para auxiliar el adecuado ensamble.
