1/2" Tee/In-line Fitting Kit

For a connection that you know will hold up, these connectors are made of a durable plastic that will outperform the rest. This kit contains both T and In-line connectors that are designed to work with 1/2" convoluted tubing. Simply fold the housing halves until they snap firmly together and know that your tubing runs will stay connected. Kit comes with 3-T connectors and 5-In-line connectors. Available in black only.

Split Loom T-Kit

Taylor T-Kits are designed to accept 1/2" convoluted tubing. We also include special washers for use with 3/8" and 1/4" tubing. Simply position the right sized washer over the wire and tubing and align the washer with the notches in the T housing. Fold the housing halves until they snap firmly together. Taylor T-Kits are available in Black, Red, Blue and Chrome to match your convoluted tubing colors and enhance your engine compartment. (4 per pkg.)
